

## **THREE THINGS WE NEED** **IN THE NEW YORK STATE BUDGET**

**Every year we tell New York what agencies need to support people with disabilities.**

### **THIS YEAR, WE NEED:**

#### **Enough money to pay higher prices**

Prices go up every year. **Agencies need enough money to pay today's prices** for everything it takes to support people with disabilities.

#### **A pay raise for staff**

Staff do important work, but they do not earn enough money. Many staff leave for jobs that pay more. **A pay raise helps good staff stay.**

#### **Help paying for healthcare**

Staff need health insurance to go to the doctor. **Helping agencies pay for health insurance leaves more money for staff and services.**
